

Klima Fresh - A/C Refresh with Spring fragrance

Product properties

Klima Fresh ensures fresh and clean air in the vehicle interior and eliminates unpleasant odors. The air conditioning system works more efficiently and with optimal cooling performance. The product provides a pleasant and fresh odor to the entire vehicle interior, such as upholstery, carpets and roof linings.

Area of application

A/C Systems in vehicles, commercial vehicles and buses

Application

Recommended to be used every 6 months.

DON'T SMOKE AND NO OPEN FIRE ROUND THE VEHICLE. DURING AND EVEN AFTER EMPTYING THE AEROSOL, THERE WILL ALWAYS BE A POTENTIAL DANGER OF AN EXPLOSION, UNTIL THE CAR IS WELL VENTILATED.

1. Drying of condenser:

Start the engine, switch off the air conditioning (A/C). Set the air flow to recirculation on full fan power and maximum temperature. Allow to run for 5-10 minutes.

2. Cleaning:

Place Klima Fresh in the footwell of the front passenger area, open all dashboard vents, switch on the air conditioning system (A/C) and set to air recirculation on full fan power and minimum temperature. Depress the nozzle lever into lock-down position and close the doors. After only one minute the cleaning process is complete. Let the air conditioning system run for further 3-5 minutes and then thoroughly air the interior of the vehicle.

Consumption

100 ml for 1 application

Reaction time

approx. 1 minute

Technical data

Physical state: aerosol

Colour: clear/colourless

Odour: Parfum

Vapour pressure (at 68 °F): 5000 hPa

Density at 68 °F: 1,14 g/cm³

Water soluble

Available size	Item no.	PU
100ml	35140	12
