

Clean and
Care Systems

MADE IN GERMANY

PRODUCT INFORMATION

Octane Premium

Product characteristics:

(Generic)

With the TÜV-certified Octane Premium, based on the newest additive technology, the RON octane number of the fuel is increased by up to 6 points. For this reason, Octane Premium is ideally suited for use in lowest quality fuels, even in low output conditions the combustion, antiknock quality and the response of the engine is improved significantly. Regular use keeps the fuel system clean (Keep -Clean - Effect).

(Short)

Better combustion and optimized power of petrol engines due to the increased RON octane number of the fuel.

Areas of application:

In the fuel system of petrol engines

Application:

Before refueling, add into the fuel tank.

Consumption:

300ml treats up to 80 liters of fuel.
Mixing ratio of 1:200

Reaction time:

While the engine is running.

Packing unit:

300 ml | Art.-No. 33280

Other packing units upon request
